

## Seasonal Flu Vaccine

The Alliance has made arrangements for the seasonal flu vaccine to be administered to members at some contracted pharmacies. Approximately 120 pharmacies in Alameda County will participate in this program, including CVS and Safeway pharmacies. **Walgreens will not be participating.**

Important information:

- Members from all lines of business can go to the pharmacy for a flu shot.
- This program is for seasonal flu only, **NOT the H1N1** vaccine.
- Members must have a prescription from their PCP to receive the vaccine. Providers may phone/fax the prescription to the pharmacy.
- The flu shot is free. There is no charge to the member at the pharmacy for the flu shot.
- A complete listing of participating pharmacies follows this message. Alternatively, a hard copy of the listing can be obtained by calling Elizabeth Edwards at 510-747-6178.

Vaccine supplies fluctuate. Please check on a pharmacy's vaccine supply before you send it a prescription.
