

## Do You Want to Get Paid Faster? The Alliance Will Begin Offering Electronic Funds Transfer (EFT) Payments!

---

The Alliance values our loyal community of providers and is committed to continuously improving our provider customer satisfaction. The Alliance will soon offer Electronic Funds Transfer (EFT) as an option to receive provider payments.

The EFT payment option will be available to all **contracted** providers. Providers who enroll in EFT will have Fee-For-Service (FFS) payments deposited directly into their bank account.

**The EFT program will begin in the next month and the Alliance is now accepting applications to participate.**

**Providers can enroll to receive EFT provider payments for Fee-For-Service (FFS) payments by:**

- Returning a completed **ELECTRONIC FUND TRANSFER AUTHORIZATION FORM** available at [www.alamedaalliance.org/providers](http://www.alamedaalliance.org/providers)
  - Providers with more than one National Provider ID (NPI) will need to include a separate attached list of NPI numbers to the enrollment form. *Any attachments to the ELECTRONIC FUND TRANSFER AUTHORIZATION FORM must have an original authorized signature.*
  - Provider Groups that receive payments under the Group ID only need to complete one (1) single enrollment form for the Group NPI.
  - Provider Group Members, **who also bill individually**, can enroll in EFT as an individual provider by submitting a separate enrollment form with their individual Provider NPI.
- 

**Questions? Call Provider Relations at 510-747-4510.**
